What is your most unforgettable moment from Journalism?

"When we went to throw the boxes away and we were kicking them down the hall and then we got caught by Suzanna and I got detention" -Cole Keeton

"Crunching to get all the pages done by the deadline at the end of the year" -Cassie Person

This year in Journalism our theme is "Simply Unforgettable." We had to produce 140 pages. We sold ads in order to fund our yearbook.

There are 21 people in Journalism this year. There is Caylen Shiffermiller [editor], Adina Olsen and Cassie Person [co-editors], Cole Keeton, Megan Christensen, Marlene Juett, Ricky Jo Deaver, Morgan Buckley, Katie Mikkelson, Codi Kreider, Alyssa Bailey, Shawna George, Danielle Hostetler, Brittany Jones, Jessica Scott, Kolby Verbeck, Allysa Shipman, Lisa Swayze, Cassara Sanders, Sarah Deines, and Ben Elsen.

Our yearbook is called The Trail. This will be edition 92 of the yearbooks that we have produced at Sidney High School. The Journalism instructor this year was Mrs. Lindstrom.

"Wandering around the hallways gives me something to do thats not homework."

-Paige Brauer

"Sometimes the hallway smells funny."

-Sarah Dienes

"I like seeing all the weirdos and what they wear, its very entertaining."

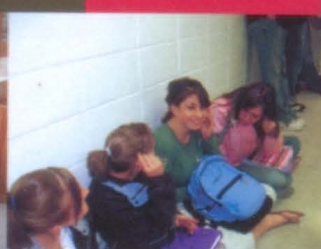

-Codi Kreider

*No building is without a hallway, some people spend minimal amounts of time in hallways but others spend a majority of their time in hallways.*

*Sidney High School is a good example of a place where the hallways are generally crowded throughout the day. Before school kids sit by their lockers to talk to their friends before classes or to get some last minute studying and homework done.*

*Commons Hallway is probably the most popular of all the hallways in school.*

*During lunch students and teachers alike go and socialize with their friends. During the mornings you will commonly find students playing hacky sack with their companions or simply sitting on the bench and talking.*

You can also usually find students that are in track or cross country waiting in the hallway for practice to begin you will also sometimes see cheerleaders practicing there.

Not only do hallways connect the school and classrooms together but they also connect the students and some of the faculty together.

Art class, indeed is the only real reason to come to school some days but, some days art class isn't enough art for some of the students at Sidney High School. That is why we have art club, art club meets every first Wednesday of the month.

During meetings they discuss fundraisers and things they can do for the community. They also plan social functions for members and non-members alike to meet and make merry at. Art club consists of kids from all grades who all have one thing in common, an appreciation for art.

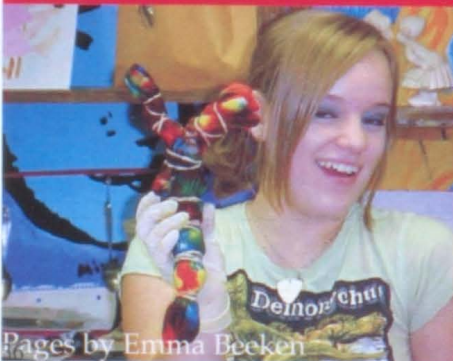

The art club officers are Zachariah Goodwin, President, Megan Haack, Vice President, Emma Becken, Secretary, and Kelsi Tobler, Treasurer.

The art club does many activities including Art in the dark, the Halloween party held at the park they also have many tie dying adventures. These activities not only benefit the art clubbers but often times art club will help paint backgrounds for the old folks, school plays and musicals and school function.

Art club is just another one of the great clubs here at Sidney High School!

"It's a good organization with very fun learning activities and a rewarding trip at the end of the year."

-Alyssa Matthews

"Science club is cool because we get to see dead bodies and eat sack lunches."

-Kelsi Tobler

"I like that I can have fun with my friends while I learn"

-Jennifer Lanckriet

Up until a certain point in our schooling we all have classes that are mandatory, science classes being one of them. Throughout all of our schooling we endure many minutes of earth sciences, biologies, and chemistrys.

Due to the many minutes of these subjects some students have come to strongly dislike, even hate science. But fourtunately, there are the few, the proud, the science club members.

The science club officers this year are Leslie Rosenbaum, President, Kendra Gipfert, Vice President, Secretary, Alyssa Matthews and Treasurer, Tara Davis. The sponsor is Pat Welch. Other members are: Mike Deines, Jill Zingula, Jennifer Lanckriet, Brianna Jackson, Kelsi Tobler, Megan Haack, Jennifer MacKay, Corbin Haller, Micheal Beyer, Adam Peetz, Lacy Bown, Jamie Pittam, Brandon Smith, Erika Mohs, Robin Easterly, Andrew Mock, Jessica Gaddis, Micheal Geiser, Mark Johnson, Matthew Dorwart, Michelle Mahr, Kolby Verbeck, Molly Rosenbaum and Tyler Mohs,

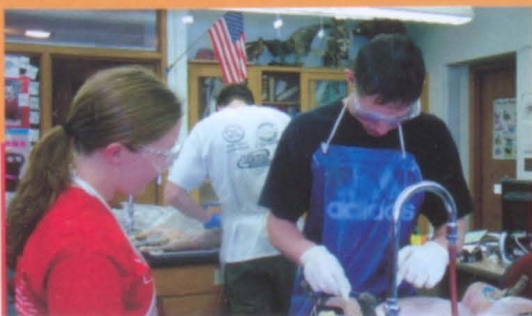

In science club you enjoy a range of different exciting learning activities. From the Science Olympiad where science clubbers everywhere compete in fun scientific activities. They also do things to help and give back to the community. One of them being the blood drive they hold twice a year and community service.

After a delightful year of learning and giving back they get to take a trip to Denver to go to museums and the Imax theatre, this year while in Denver they got the chance to experience Body World.

If you look around the school I will guarentee you will see people who look alike. This may be because there are a total of thirty-two groups of siblings. There are also two sets of twins in our school. They are Sara and Will Vaughter and Brandon and Austin Smith.

After talking to the siblings and asking whether or not they enjoy going to school with eachother, we found out it was fifty-fifty. Some say they enjoy being in school with their siblings because it brings them closer together while others says it brings them farther apart.

There are sixteen seniors who are leaving behind a brother or sister. Most said that they will miss being in school with their sibling despite all of the problems they may cause at home because of the things they hear at school and go tell their parents about.

The band got second place at the Oktoberfest competition this year and that was probably the coolest thing that happened to them this year. He said it would be nice to get first next year but second is ok.

Mr. Zigweid was very impressed with the band this year because a lot of the kids stepped up from last year and they all became very good leaders to the other kids that were new this year.

# Memorable Moments at Work!!

Everyone knows that if you want the car, the clothes, or the extra spending money you have to work for it. A lot of people look for a job that makes money not what is "cool".

Sidney offers a wide range of jobs. Whether it's fast food, a grocery store, Cabela's, or Wal-mart there is something for everyone.

Sidney offers all kinds of job pay ranges. They can range from \$100.00 per month to \$800.00 per month. At this stage of our lives most teenagers get minimum wage or a little bit more. The minimum wage right now is \$5.15 an hour.

What is your most memorable moment at work?

The first cross country meet was in Gering on September 3rd, the second was in Chadron on September 10th, the third was in Alliance on September 17th, the fourth was in Ogallala on September 22nd, the fifth was in Kearney on September 26th and Sidney got second, the sixth was Western Conf. on October 1st, the seventh was here in Sidney on October 7th, the eighth was Districts in Gering and Sidney got 2nd on October 13, and State was held in Kearney on October 21.

The 2005 Cross Country teams had a very successful year. Even though they were young our boys' team started to show signs of being able to compete with the rest of the district. Junior Corbin Haller placed ninth at Districts to qualify for State. Sophomore Hunter Arterburn placed sixteenth and missed qualifying for State by a half a step. Our future looks very bright. Every runner is returning and they are starting to understand what it will take to be successful.

The girls' qualified for State for the fourth consecutive year. We are the only girls' team to accomplish this feat in the District. By having Bailey Wolff, Tabatha Brown, and Jennifer Volkmer place third, fourth, and sixth, and Dana Romick place nineteenth we finished second in the District. That became the best race that a Sidney girls' cross country team had run in the schools' history. The girls finished the season by placing sixth as a team being led by Bailey's third place finish. The future for the girls looks very bright as our top four runners return.

Who ever said golf isn't a sport is WRONG. It takes lots of patience, effort, and practice, practice, practice!! Golf is definately not for everyone but it is possible....maybe with a few double bogeys and a few out of bounds.

The lady golfers have had an outstanding year. They did well in tournaments and have improved throughout the year. Since there was no seniors on the team they will all be returning next year. They came in second in Western Conference and did great at districts. These girls have had tough competition and always seem to stick it out and do fantastic.

Next year will be even better since everyone is returning. Hopefully, we all make it to state and do great. Good Luck girls thanks for a great season!!

This year volleyball players worked their hardest. With only two seniors, five juniors, eight sophomores, and five freshmen they had to put effort in becoming a team. This year was the first year for rally scoring. Their record was 8-21.

Ashley Glenn says, "My most memorable moment was when I tried netting a bat in the gym!" Robin Easterly states, "My most memorable moment was definitely Leah's and my celebration dance!" "My most memorable moment in volleyball was when I tripped Krisa in a game and she fell on her face and missed the ball." stated Jamie Pittam.

"We won 5 out of our last 11 games. Being a young and inexperienced team, this showed we made steady progress from the beginning of the season to the end," stated Coach Thorpe. Coach Potter says, "As usual, it's tough being the J.V. coach, you have to wait until the varsity starting lineup is established so the "other" players all get a chance. With this being a rebuilding year for the varsity, it made my job even tougher. I thought the girls did an admirable job of learning new positions, but it seemed to me that sometimes they put more effort into WANTING to win than they did into WORKING to win, both physically and mentally."

### Will you miss coaching volleyball?

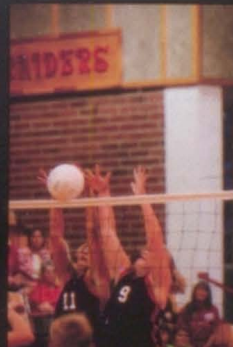

"As all of you girls know, I really retired last year. But as the school year went on, I began to miss it already. Oh, sure, I didn't miss the practices or the bus rides or the early mornings, but I missed the camaraderie that a coach has with "her girls"-in and out of the gym. I felt that I still had a lot to offer, and I got pretty self-righteous about how I could help. But the truth is that it's somebody else's turn to take over. It was a great four years, I'm sure I'll miss it, but it is time! Thanks, Raiders!" -Coach Potter

Although Sidney High School doesn't sponsor the bowling team, the members are all students at the high school. They do compete against other schools in the area. The students pay for their own shirts and organize to have them made. The students also provide their own transportation to and from the meets and practices.

Districts were held January 28-29, 2006. Nate Bartling was the only Sidney Bowler to make it to the state competition. He competed at state in Lincoln. State was February 11-12, 2006.

The coach was Sean Doyle. He is the owner of the Cedar Lanes Bowling Alley in Sidney. The bowlers practiced every Tuesday and Friday after school. The season lasted from November to February.

I asked Mr. Seebohm to write a little bit about the wrestling team this year and he said that this year was a lot of fun. He didn't know what to expect coming in for the first time, but the wrestlers were great. They responded to his coaching style and worked hard. The district meet in Gothenburg was the highlight of the season in his opinion. We qualified four wrestlers for State. Some of our younger wrestlers won matches over opponents whom they had previously lost to, and all of them showed improvement and "fight." We were also able to win some matches down at the state meet, with Zach Appleby placing sixth. Zach and Colby will be missed, but we have a lot to look forward to next year with the wrestlers coming back.

NATE SALAZAR

They were a young team in 2006 with ten Freshmen, three Sophmores, no Juniors, and three Seniors. Their goal was to improve and get better each week. They asked the Freshmen to step up when asked. They had good leadership from the Seniors. "It is my belief that our season was better then many thought it would be after seven Seniors graduated last year." Coach Seebohm

Seventy-five percent of this year's team was new from a year ago. Some positive steps were taken in the off-season. We added Coach Seebohm to our staff and began a co-op program with Creek Valley High School. We were able to get Seth Sauder in our program and he proved to be very valuable to us in many ways.

JASMINE SCRIPP

The Sidney High School Danz Team consisted of six members for the 2005-2006 season. One senior, two juniors, and three sophomores. Kristin Schuessler is the only senior this year and has been on the Danz Team for all four years of High School. Lacey Bown, Jamie Pittam, Eleni Sakis, and Jasmine Scripp have been on the team for two years and Mary Crowe has been on the team for one year.

What did you enjoy most about Danz Team?

"Dancing because its always been a big part of my life. I also enjoyed going to practice and having fun not worrying about anything else for two hours. I loved the friendships and trips to state."- Kristin Schuessler

"All of the crazy times and swimming in the bath tub at State."- Mary Crowe

"Being able to be crazy, but also work when it was time. I loved the fact that no matter what we went through this year we stuck together and still had fun. State was a blast too, even though we didn't do too well."-Eleni Sakis

Is Danz Team a sport? That's something that people have very different opinions on. Not many people consider it to be a sport and it's not school sponsored. Which is why they are considering getting rid of it all together. But what people don't understand is how much it really means to the girls that are on it. In reality who would really spend two hours every single day practicing just for two minutes on the floor at half time besides someone that loved what they are doing.

The Danz Team practices every day after school from 3:45 to 6:00. They competed in the Nebraska State Cheer and Dance Competition in February. The girls on the team enjoy what they do even though like in any activity it has its ups and downs. Dancing is not an easy activity it takes a lot of work and talent. The girls do a great job at showing us how much effort they put into dancing by performing well.

What is the hardest part of Danz Team?

"Making up choreography and learning the dances. Dance your heart off!"- Jamie Pittam

"Adjusting to the new dynamics of this year's team."-Lacey Bown

"Having a team that was constantly getting smaller, and getting everything choreographed on time."- Jasmine Scripp

The Sidney girls basketball team tried their best. They played a total of 21 games this year, with a total of 1 win and 20 losses. Even though they didn't always win, they played their games with vigor and intensity. The girls tried their best and showed good sportsmanship all the way to the end.

There were 5 starters this year: Kendra Giffert, Jill Zingula, Ashley Glenn, Jessie Golden and Krisa Cansler. These young ladies always worked hard and gave it their all.

We hope to see all of the girls next year and know that, with the experience they gained this year, they'll come back even stronger.

This year in Spanish 3 and 4 the students filmed a soap opera. The name of the soap opera is "Sidneyville." The students wrote the script and starred as the characters.

Every Friday Mr. Masip filmed the students acting out the scenes. This was a year long project. When the soap opera was finished each student in the class received a copy to take home and keep. It was also viewed by some of Mr. Masip's other Spanish classes.

The soap opera is a story of love, family, and friendship. Those are just the nice words to describe it. The majority of it deals with deception, lies, betrayal, secrets, murder, and heartbreaks.

The students who starred in the movie from Spanish 4 were:

Amy Panduro [Rigoberto Javier] Leslie Espino [Juan Evaristo] and  
Sonia Chacon [Sebastian Baptista]

From Spanish 3 there was:

Adina Olsen [Calamidad Soledad] Adam Peetz [Jose Alberto]  
Allie Primm [Milagros Lucia] Cassie Person [La Criada]  
Zach Goodwin [Armando Jorge] Shelby Rogers [Madre]  
Jordan Gann [Laura Cristina] Lacey Bown [Cristina Dolores]  
Jessica Gaddis [La Policia] Mr. Masip [director]

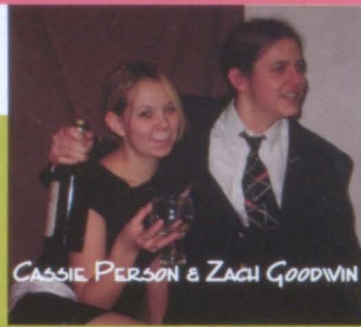

What was your favorite part of making "Sidneyville" the spanish soap opera?

*The Make a Wish Foundation is a foundation that supports all cancer patients. At our assembly Tess Joyce, a member of the student council, said that all fundraisers from the dance until the end of the year are not going to the school but instead, going to the Make a Wish Foundation.*

*They have one thing in common, they're crazy about each other*

Flirting is definitely a sport in high school, you know the type, always smiling, laughing, intense eye contact and over-friendly arm touches. Well flirting leads to crushing which eventually leads to dating and then of course love. Well maybe it's not love, but all around Sidney High you will find couples.

So why have a Sweetheart? Here are some perks of having a sweetheart: the feeling of knowing somebody is thinking about you, having somebody to listen - even if it is midnight, having a date any day of the week and having the sense of security that somebody likes you for you.

High School relationships aren't all fun and games though. They take a lot of time, patience, kindness and commitment. Being in a relationship is difficult and making it work is much harder. This could be why most relationships in high school are very short term and could also be the reason many people choose to stay single in high school. Whether it is for 2 weeks or 2 years, people make it work and you can clearly see their attraction to each other all around Sidney High.

*Congratulations, you've accomplished a major stepping stone in your life graduating from High School. Due to my health following an accident, you've had to work through High School and also maintained academic success. I was exceptionally proud of you this year when you told me that it made you stronger and more appreciative of what you had and what you have had to work for. I'm losing my baby, my buddy, and I'll miss our movie nights, mealtime conversations, your friends stopping by and our cruising nights when you taught me words to songs. I'm so blessed to have shared life with you. Your family is here for your special day to show their support, love and pride in all you've accomplished. Thank you, and bless you.*

Our community's future is dependent upon good citizens that will help us build a better tomorrow right here. We are proud that Sidney, Nebraska has built a reputation described in a unique community motto: ***Small Town Values, Big Time Opportunities***. The values you learned in a growing, prosperous rural community will serve you well the rest of your life. We wish you the very best. Thank you for the many contributions you have made to make your school successful and Sidney, Nebraska a better place for all of us to live, play and work.
